

# Temporary Electoral Canvassers required

We require a number of canvassers to visit households throughout Aberdeen, Aberdeenshire and Moray to ensure that the electoral register is up to date.

Canvassers will be required to seek information from members of the public, encourage them to return forms, and advise and assist citizens with the completion of household forms and with registering to vote.

You will be required to work from September to November and will be paid at a rate of £11.96/hour.

The work can be fitted around your existing job, working during the evening and/or weekends. The post may also suit students or those who have recently retired.

**Interested or know someone who is? Please contact**
